PROFESSIONAL EXPERIENCE

Colorectal Nurse Clinician *7/2018-Present*

The Center for Colorectal and Pelvic Reconstruction at Nationwide Children's Hospital, Columbus, OH

- Triage patient and family emails and phone calls using critical thinking skills to determine patient care priorities and escalates clinical problems to providers accordingly
- Develops individualized care plans for complex referrals with Anorectal Malformations, Hirschsprung Disease, Functional Constipation, and Spinal Anomalies
- Educates patients and families in clinic and remotely to establish caregiver confidence and promote best outcomes
- Facilitates and coordinates quality patient care in a timely manner while promoting inter-disciplinary collaboration between all members of the health care team.

Neonatal Intensive Care Staff Nurse *7/2017-7/2018*

Mission Hospital, Asheville, NC

- Experience as a bedside RN in a 50-bed level III NICU, caring for premature infants, critically ill infants, infants with surgical and genetic diagnoses, and infants with Neonatal Abstinence Syndrome
- Acted as a clinician and teacher, performed head-to-toe assessments, and provided direct patient care according to evidence-based practice and established policies and procedures
- Worked with oscillators, ventilators, tracheostomies, continuous positive airway pressure (CPAP), high flow and regular nasal cannulas, temporary and permanent feeding tubes, and central / peripheral / umbilical / arterial lines
- Performed ordered procedures such as inserting PIVs, inserting feeding tubes and urinary catheters, administering blood products, monitoring vital signs and urine output, and titrating drips and IV fluids accordingly

RN Clinical Coordinator & Patient Safety Officer *12/2015-6/2017*

The Children's Institute, Pittsburgh, PA

- Served as the main point of contact for referral sources to the Pediatric Rehabilitation Unit
- Evaluated referrals to determine inpatient admission eligibility, ensuring the appropriateness based on established admission criteria
- Communicated with insurance companies to receive prior authorizations in a timely manner
- Led the investigative and process improvement activities to support the reduction of healthcare errors that contribute to unintended adverse patient outcomes
- Managed the Incident Reporting system

Neonatal Intensive Care Staff Nurse *8/2011 - 7/2014 and 4/2015 - 8/2015*

Riverside Methodist Hospital, Columbus, OH

- Experience as a bedside RN in a 36-bed level III NICU, caring for micro-premature infants, premature infants, critically ill infants, and infants with Neonatal Abstinence Syndrome
- Acted as a clinician and teacher, performed head-to-toe assessments, and provided direct patient care
- Attended high-risk deliveries and provided intervention to infants in emergency situations
- Helped organize the Parent Support Group to aid in family's emotional support during their hospital stay
- Served as a preceptor and mentor for new staff members
- Committee Member of Shared Governance for three years
- Served as EPIC Superuser during transition from paper charting to electronic medical record

Newborn Home Care Nurse *7/2014 - 4/2015*

Newport Beach, CA

- Provided in-home infant care and education to a family with newborn twins during the first year of life
- Educated parents on SIDS prevention, soothing techniques, establishing routines, nutrition developmental milestones, and reflex management.
- Encouraged parent bonding and independence with infants while also promoting sleep for parents
